In the payment of overtime on the basis provided above, the one basis which results in the payment of the largest amount of overtime shall be used.

(3) Banking of Overtime

- (i) Tour Workers who work in excess of eight (8) consecutive hours shall have the option of receiving the overtime premium on the basis of this Section or of receiving straight time for hours in excess of eight (8) consecutive hours and taking equivalent time off in units of not less than four (4) hours at the hourly rate for the job when the work was performed, at a time suitable to the employee and the Company during the contract year. Any overtime remaining at the end of the contract year in which it is banked may be carried over to the next contract year for purposes of taking equivalent time off. If equivalent time off is not taken by the end of the contract year following the contract year in which it is earned, the Company shall pay the deferred one-half (1/2) premium pay. Tour Workers who choose to bank overtime may later re-elect to receive the deferred one-half (1/2) premium pay.
- (ii) Day Workers who work in excess of ten (10) hours in a day shall have the option of receiving the overtime premium on the basis of this Section or of receiving straight time for hours in excess of ten (10) hours in a day and taking equivalent time off in units of not less than four (4) hours at the hourly rate for the job when the work was performed, at a time suitable to the employee and the Company during the contract year. Any overtime remaining at the end of the contract year in which it is banked may be carried over to the next contract year for purposes of taking equivalent time off. If equivalent time off is not taken by the end of the contract year following the contract year in which it is earned, the Company shall pay the deferred one-half (1/2) premium pay. Day

Workers who choose to bank overtime may later re-elect to receive the deferred one-half (1/2) premium pay.

- (iii) When banked time off is requested in writing seven (7) days in advance, employees shall receive written notice of the disposition of their request a minimum of seventy-two (72) hours prior to the requested time off. The payment of overtime shall not be a factor in cancelling approved time off.

Section 3: Days Off and Schedule of Shifts

- (a) The Company will designate regular periodic days off for each regular employee and will not change such designation without notice except in the case of breakdown.

Relief employees, employed to provide relief of employees who follow regular schedules, will be scheduled when required for coverage. The Company shall use its best efforts to:

- (i) schedule days off for relief employees on a consecutive basis; and
- (ii) provide established schedules for relief employees.

In the event the day or days off are changed to follow the original designated day or days off, then forty-eight (48) hours' notice will be given in advance of the original day or days off. In the event the day or days off are changed to precede the original designated day or days off, then forty-four (44) hours' notice must be given in advance of the new day or days off.

When sufficient notice is not given prior to the initial day or days off, then overtime will be paid for work performed on the original day or days off.

An employee may change his shift, day or days off by mutual arrangement with the foreman and shop steward of the department concerned without penalty to the Company.

- (b) Where a system of days off is now in effect, same shall remain in effect as long as mutually satisfactory to the Union and the Company.

- (c) When the Company changes an employee's shift schedule after the start of the week without notification being given during the first eight (8) hours of his last shift preceding the new shift, the employee shall receive two (2) hours penalty payment at the straight time day rate for the first shift worked resulting from the change.

If the change in shifts during the week is temporary, the penalty payment is not payable for the second change in shifts when the employee returns to his previously established shift schedule.

When an employee's established shift schedule is changed, the Company will, whenever practicable, notify the employee personally of the change.

- (d) The Company will cooperate with any Day Worker called in after twelve midnight to ensure that this work does not preclude him working his regular eight (8) hour shift the following day. This may be accomplished by altering the hours of work to the mutual satisfaction of the employee and his supervisor. No penalty shall apply to the Company as a result of such an arrangement.

Section 4: Starting and Stopping Work

(a) Tour Workers

When a tour begins, each Tour Worker is required to be in his place. At the end of a shift no Tour Worker shall leave his place to wash up and dress until his mate has reported to take on the responsibility of the position. If a Tour Worker does not report for his regular shift, his mate shall notify the Foreman. He shall remain at his post until a substitute is secured, and, if necessary, he shall work an extra four (4) hours. If work in excess of twelve (12) hours is required by refusal of a mate to report in, or when no other qualified relief is available, then the employee shall complete the extra shift.

Supervision will make substantial efforts to secure a substitute and the Company agrees to discuss in Standing Committee mutually agreeable procedures to achieve this purpose.

Arrangements shall be made by the Company to provide a

hot meal at the start of the extra shift and at each four (4) consecutive hour period thereafter.

In the event a Tour Worker cannot report for his regular shift, he will, if it is reasonably possible, notify his Foreman or the office at least four (4) hours before his tour begins.

(b) Day Workers

Day Workers shall be at their respective posts ready to begin work at the time their pay starts and shall not quit work in advance of the time their pay stops. Section 5: Meals

A hot meal shall be provided to an employee when he is required to remain at work for more than one (1) hour after completion of his shift. One additional meal shall be provided every four (4) hours thereafter. The meal shall be eaten on Company time.

If an employee is called in early, and less than two (2) hours' notice has been given, a meal shall be provided at each regular meal time.

Maximum Severance Allowance	*52 Weeks	2080 hours

*Computed on the basis of forty (40) straight time hours at the employee's regular rate.

For employees with a minimum of one (1) years' employment during their last period of continuous service, severance allowance shall not be less than four (4) weeks' pay.

The severance allowance will not be more than the employee would normally receive if he remained at work at forty (40) hours per week to his normal retirement date.

At the time of separation the employee shall have the option of receiving his severance allowance on termination, or he may elect to have his severance allowance held in abeyance for up to one (1) year from the date of termination. He may apply in writing at any time during the year, at which time his full severance allowance will be paid forthwith.

Employees will have their welfare coverage continued for the current month plus two (2) additional months from their date of termination.

Where the right of recall and seniority retention under Article XVII is elected, the employee's severance allowance will be held in abeyance for the duration of his recall rights at which time the employee will be terminated and his severance allowance paid forthwith.

Where the employee renounces the right of recall during this period, the employee will be terminated and his severance allowance paid forthwith with all seniority and recall rights being forfeited.

ARTICLE XXIII - CONTRACTING

- (a) The Company will notify the Union of its intention to have work performed by contractors in the mill, and will, emergencies excepted, afford the Union the opportunity to review it with the Company prior to a final decision being made. For this purpose, a Joint Contracting Committee will be established and it will be used as a forum to discuss the Company's contracting decisions.

In keeping with a joint commitment of the Company and the Union to provide as much maintenance and repair work as

possible to the regular maintenance workforce, the Committee will also meet quarterly to make recommendations regarding the utilization of the mill maintenance workforce to minimize the use of contractors, both inside and out of the mill.

- (b) The Company will not bring a contractor into the mill:
 - (i) which directly results in the layoff of employees, or;
 - (ii) to do the job of employees on layoff, or;
 - (iii) to do the job of a displaced employee working outside his job category.
- (c) It is not the intent of the Company to replace its regular work force through the use of contract firms.

For greater clarity, it is agreed that:

- (a) The changes which provide that it is not the intent of the Company to replace its regular work force through the use of contract firms will not set aside existing external work arrangements and practices.
- (b) Working under the flexible work practices provisions does not mean that an employee has been displaced and is working outside of his job category.

ARTICLE XXIV - APPRENTICESHIP TRAINING PROGRAM

Section 1: Training Program

It is agreed that there shall be an Apprenticeship Training Program, the provisions of which are set forth in Exhibit "C", which is attached hereto and forms part of this Agreement.

Section 2: Apprenticeship Act

It is understood, however, that the grievance procedure as set forth in Article XXVIII - Adjustments of Complaints, shall not be applicable to those matters covered by the Apprenticeship and Tradesmen's Qualification Act which, by said Act, are deemed to be outside the jurisdiction of the Union.

ARTICLE XXV - COMPRESSED WORK WEEK

The Company and Union recognize the concept of the compressed work week. It is further understood that the compressed work week conditions will apply only to those departments that are on the compressed work week.

ARTICLE XXVI - SAFETY

Section 1: Principle

Employees and the Company are to comply with established safety rules as amended by the Joint Safety Committee from time to time. Employees will not be expected to operate with unsafe equipment or under unsafe working conditions. Employees are expected to report immediately any unsafe equipment. An employee who has reasonable cause to believe that an unsafe condition exists may refuse to work under such condition without being subject to discipline.

Section 2: Joint Safety Committee

The Union and the Company shall co-operate in selecting a Safety Committee, which will meet at least once a month to consider all safety problems.

The parties agree to co-operation and exchange of information with respect to health studies.

Section 3: Safety Education

The Union undertakes to promote safety education among its members in an effort to overcome accidents.

Section 4: Joint Labour/Management Safety Conference

- (1) A joint labour/management safety conference of two (2) days will be held annually.
- (2) It shall be the basic principle of this conference to assist the delegates in the development of an effective safety program through the promotion and implementation of best practices for an effective safety program in each mill.

- (3) To accomplish the implementation of an effective safety program in the mill, each Local Union shall have (2) delegates in attendance at the safety conference. The (2) delegates shall be compensated by their respective employer for any loss of wages. Travel and hotel expenses of the delegates shall not be paid by their respective employers.
- (4) A Senior Management representative shall attend the conference. Senior company officials and representatives of WorkSafe BC will be encouraged to attend. Additional delegates of either labour or management will be permitted to attend on an observer basis.
- (5) The agenda shall address issues that will promote occupational health and safety in their respective workplaces. Agenda items shall be submitted to the respective representative no later than November 30 prior to the conference.
- (6) The planning committee shall initially meet no later than one hundred and eighty (180) days prior to the established date of the conference and then schedule follow up meetings in accordance as required by the planning committee.
- (7) The planning committee shall be comprised of the following members:
 - (a) One (1) UNIFOR Local Union member
 - (b) One (1) PPWC Local Union member
 - (c) One (1) UNIFOR representative from the Regional Office
 - (d) One (1) PPWC representative from the National Office
 - (e) One (1) Employer representative from the employer group
 - (f) One (1) Industry representative
 - (g) One (1) Conference Facilitator
- (8) The Occupational Health and Safety Conference shall be funded on the basis of an industry contribution of three (3) cents (\$0.03) per employee per hour worked into a Jointly Trusteed Occupational Health and Safety Conference Fund.

The funding shall provide that when the monies in the Joint Trusteed Occupational Health and Safety Conference Fund reach Two Hundred Thousand Dollars (\$200,000.00), the funding will be discontinued until the fund has been reduced to Fifty Thousand Dollars (\$50,000.00).

The Jointly Trusteed Fund will be used for the payment of wage loss for Local Union planning committee attendees and conference expenses.

ARTICLE XXVII - DISCIPLINARY ACTION

The Company has the right to discipline or discharge employees for just and reasonable cause.

The disciplinary record of an employee, including letters of reprimand, warnings or decision making leaves, shall not be used against him at any time after twelve (12) months.

In cases involving suspension, the disciplinary notice will remain on the employee's file for twenty-four (24) months and not used after that period provided no other discipline has occurred during that time.

The presence of a Shop Steward is mandatory unless waived by the employee at any meeting during which the employee is disciplined. The Company will notify the Union of an employee's choice to waive Shop Steward representation before the meeting takes place.

ARTICLE XXVIII - ADJUSTMENT OF COMPLAINTS

Preamble: It is mutually desired and intended by the parties that any dispute or complaint arising out of the interpretation of this agreement will be communicated by the employee to his supervisor in order to provide an opportunity for discussion and timely resolution, prior to the issue becoming a grievance.

If an employee is not satisfied with the resolution offered by his immediate supervisor he may then initiate a grievance.

Section 1: Grievance Procedure

Step One: In the event that a written grievance is submitted arising out of the operation of this Agreement, except in the cases of discharge or suspension, the employee shall continue to work as per

the conditions existing prior to the time that the grievance arose, and any formal meeting to discuss the grievance shall be held in the presence of the shop steward.

Step Two: If there is no satisfactory resolution at first step, then the Union may, within seven (7) days, advise the department supervisor that the employee intends to proceed with the grievance. The department supervisor and chief shop steward will then have fourteen (14) days from the date of notification to deal with, and answer the grievance. Grievances other than those of individual employees may be initiated at Step Two by either party.

Step Three: If there is no satisfactory resolution at second step then either party may, within seven (7) days, refer the question to the Standing Committees by advising the chairmen of the Standing Committees of the intention to proceed with the grievance. The Standing Committees will then have thirty (30) days to deal with, and answer the grievance.

Step Four: If there is no satisfactory resolution at third step then the question may, within seven (7) days upon written request of either Standing Committee, be referred to the President of the Union and the General Manager, who will then have thirty (30) days to deal with, and answer the grievance. Either party may elect to involve outside help at this step such as a regional Union representative and/or a management representative from outside of Prince George.

Step Five: If there is no satisfactory resolution at fourth step then the matter may, within thirty (30) days, be referred to an Arbitrator.

The time periods may be extended by mutual agreement by the Company and the Union.

Where a grievance arising from the discharge of an employee progresses to arbitration, either party may elect, in writing, to utilize the procedure outlined in Section 5 below as an alternative to the arbitration procedure set out in Section 4.

Section 2: National Officer

It is understood that in all discussions concerning grievances, any National Officer may accompany the Union Standing Committee in their meetings with Company officials.

Section 3: Time Limit

- (a) In the event a grievance has not advanced to the next step within the time limit set forth in Section 1 above, then the grievance shall be deemed to be abandoned and all rights of recourse to the Adjustment of Complaints under this Agreement in respect of this grievance shall be at an end.
- (b) The time limit between steps may be extended by mutual consent.

Section 4: Arbitration Procedure

- (a) The Company will have the right to select one (1) member of this Arbitration Board and the Union shall select one (1) member, then the two (2) arbitrators thus named will choose a third arbitrator who shall act as Chairman.
- (b) After the Board of Arbitration has been chosen by the foregoing procedure this Board shall meet and hear evidence of both sides and render a decision within fifteen (15) days after they have concluded their hearings, said decision to be final and binding upon all parties to this Agreement.
- (c) In the case of discharge or suspension which the Board of Arbitration has determined to have been unjust, the Board shall order the reinstatement of the employee and shall award him back pay. In the case of back pay, should there be any doubt in the opinion of the Board, the Board may order all or part back pay as it deems fit.
- (d) Should the parties be unable to agree on a third arbitrator, either party may request the Minister of Labour to appoint one.

- (e) The parties may agree to submit the grievance to a sole arbitrator.

Section 5: Expedited Arbitration

- (a) An arbitrator shall be selected by mutual agreement of the Company and Union.
- (b) The chosen arbitrator must meet and hear the evidence of both parties within fifteen (15) days after assignment.
- (c) The unavailability of counsel shall not be a reason to delay an arbitration under this section.
- (d) The parties will endeavour to agree on a statement of material facts which may be submitted to the arbitrator in advance of the hearing.
- (e) The arbitrator will give his decision within one (1) week after the hearing. The reasons need not be given at the same time as the decision.
- (f) The provisions of Section 4 (c) as they apply to discharge, shall apply to this section.

Section 6: Minutes

Approved minutes of Standing Committee meetings shall be signed by the Company and the Union.

The Company agrees to post and distribute, in an expeditious manner, jointly signed and approved minutes.

Section 7: Local Agreements

Disputes arising under signed local agreements, which are supplementary to the Labour Agreement, shall be subject to the grievance procedure contained herein.

ARTICLE XXIX – FLEXIBLE WORK PRACTICES

Flexible work practices will be implemented consistent with the Letter of Understanding attached to this Labour Agreement.

ARTICLE XXX - JOB EVALUATION PLAN

It is agreed that there shall be a Job Evaluation Plan the provisions of which are set forth in Exhibit "E" which is attached hereto and forms part of this Agreement.

It is understood that the Job Evaluation Plan shall not be subject to the grievance procedure as set forth in Article XXVIII, Adjustment of Complaints. Any dispute which may arise thereunder shall be dealt with as provided in the Job Evaluation Plan.

ARTICLE XXXI - DURATION AND AMENDING PROCEDURE

Section 1: Term of Agreement

This Agreement shall be in effect from midnight April 30, 2017 to midnight April 30, 2021 and thereafter from year to year subject to the conditions as set out in Sections 2 to 5 which follow hereunder.

Section 2: Labour Relations Code

The parties agree that the operation of sub-section (2) of Section 50 of the Labour Relations Code of British Columbia and Amendments thereto, is hereby excluded.

Section 3: Notice of Re-opening

This Agreement may be opened for collective bargaining as to changes as follows: either party desiring any change shall mail to the other party notice in writing, by registered mail, on or after January 1, 2021, but in any event not later than midnight April 30, 2021, that a change is desired, and if no such notice is given by either party on or after the said January 1 and before the said April 30, the earliest time at which such notice may be given by either party is the corresponding period in the following year. All notices given under the provisions of this section on behalf of the Union shall be given by the President (or Vice-President) of the Union, and similarly notices on behalf of the Company shall be given by the General Manager (or his representative).

Section 4: Collective Bargaining

If notice of desire for changes has been given in accordance with Section 3 above, the parties shall, as soon as agreeable

to the parties following such date of notice, meet for collective bargaining, the Company being represented in such negotiations by a Bargaining Committee appointed by the Company, and the Union being represented by a Bargaining Committee selected by the Union. Any agreement on changes arrived at and approved in such negotiations shall be binding upon the parties to this Agreement. If such negotiations cannot be completed prior to the May 1 following the date on which such notice was given, any changes in compensation to employees shall nevertheless be retroactive to the said May 1.

Section 5: Termination

In case negotiations conducted in accordance with Section 4 break down, either party may terminate this Agreement upon the expiration of ten (10) days' notice in writing mailed by registered mail to the other party.

IN WITNESS WHEREOF, We, the undersigned have hereunto set our signatures this 1st day of June, 2017 in Prince George, B.C.

(i) Health Spending Account

Benefit year May 1 to April 30

Plan credits \$400 per benefit year

Eligible expenses The Income Tax Act specifies a broad range of expenses eligible to be paid from the HSA. Eligible expenses include items such as the deductible under the extended health plan, expenses greater than plan maximums and eligible expenses for you, your spouse, or any dependents for whom you are claiming a tax deduction that year. A complete list of eligible expenses is provided on the Canada Revenue Agency website (www.cra.gc.ca) under Medical Expenses in the individual tax return deductions section.

An eligible expense is incurred on the date the services are received or on the date supplies are purchased or rented.

Unused plan credits

If you do not use all the credits placed in your account in one benefit year, they will be carried forward and can be used to reimburse eligible expenses incurred the following year. The Income Tax Act specifies that any credits remaining in your account after two benefit years be forfeited;

Claiming deadlines

Expenses must be submitted thirty (30) days after the end of the benefit year (i.e. before May 30 of the benefit year following the benefit year during which you incur eligible expenses), or;

90 days after your HSA coverage ends, whichever is earlier.

When coverage ends

The last day of the month in which your employment ends or you reach age 70, whichever is earlier.

ELIGIBILITY

You are eligible for HSA coverage if you qualify for coverage under the regular extended health plan.

Eligible dependents are your spouse and your dependent children.

Your spouse is your legally married spouse, or common-law spouse if you have been living together for at least one year. Spouse shall include members of the same or opposite sex. You can only cover one spouse at a time.

Dependent children are:

- your or your spouse's unmarried dependent children under age 21;
- your or your spouse's unmarried dependent children over age 21 if they rely on you for support and attend an accredited educational institution full-time; and

- your or your spouse's unmarried dependent children of any age who were covered as dependents will remain covered after age 21 if they are mentally or physically disabled and wholly dependent on you for support.

The HSA also has the advantage of an expanded list of dependents that allows you to claim medical and dental expenses for certain dependents not covered under the regular extended health and dental plans. An eligible dependent is also any person for whom you can claim a medical expense tax credit on your federal tax return in the taxation year. For example, this could include members of your extended family, such as parents, grandparents or grandchildren.

3. Waiting Period

All full-time employees who are actively working and have completed thirty (30) days' service shall be enrolled for coverages and benefits set forth in this Exhibit as a condition of employment.

The Union/Management Welfare Committee shall meet as necessary to deal with questions which may arise concerning the operation of the Welfare Plan and to perform any service required by the Trustees to ensure the smooth running of the Plan.

5. Changes in Classification

The regular wage rate of the employee in effect on July 1 and January 1 will determine his entitlement to Group Life and Accidental Death and Dismemberment coverages as outlined in the schedule contained in Exhibit "B". Where an employee's regular duties consist of more than one job, his regular rate shall be deemed to be the average of the rates applicable to such jobs.

6. Costs

Net costs of the coverages and benefits made available to employees under the Welfare Plan will be shared between the Company and the said employees in accordance with the following:

Group Term Life Insurance, Accidental Death or Dismemberment Insurance, Medical-Surgical Coverage and Extended Health Benefit and Dental Plan

Company	100 %
Employee	Nil

Non-occupational Accident and Sickness Insurance, Long Term Disability Plan

Company	70 %
Employee	30 %

The Company agrees to reimburse employees for the costs of medical forms and specialist reports when required by the WI and LTD carriers. This is agreed on the basis that the Company will be reimbursed by the carrier.

7. Distribution of Surplus

The current practice for surpluses generated by the Health and Welfare Trust is for both parties to take a contribution holiday. It is agreed that the Union may use employee surpluses or increased employee contributions to improve benefits provided by the Health and Welfare Trust. Such benefits must be pooled separately in such a way that the additional benefits paid for by employees do not impact on the present or future experience of the base plan such that the Company's present or future costs would be increased.

8. Disputes

No dispute arising out of the operation, administration or interpretation of any coverage contract between the Trustees and the Carrier shall be subject to the Adjustment of Complaints procedure of this Agreement. Any such dispute shall be adjudicated under the terms of such coverage contract.

9. Disputed Workers' Compensation Board Weekly Indemnity Claims

If an employee covered by the Welfare Plan suffers a disability, payment for which is in dispute with the Workers' Compensation Board, Weekly Indemnity payments under the Welfare Plan will be paid retroactively as set forth in this Exhibit if requested by the employee and provided he has been off work for at least two (2) weeks due to the disability without the Workers' Compensation Board having accepted the claim.

If the Workers' Compensation Board claim is subsequently established the employee will then repay the weekly disability payment received to the appropriate fund or insurance company.

10. Change in Benefits

In the case of an employee who is on active claim arising from a disability which occurred before a negotiated change in benefits and which continues thereafter, the said employee shall, as from the effective date of the negotiated change, be paid the changed weekly indemnity benefit, be covered for the changed Group Term Life Insurance and Accidental Death and Dismemberment Insurance, and make the changed contributions.

11. Leave of Absence - Full-Time Union Employees

Employees on leave of absence for the purpose of fulfilling duties assigned to them by the Public and Private Workers of Canada or Local Union shall have their respective Welfare Plan coverages maintained at the mill from which they are on leave.

The coverage premium for these employees is to be paid by the National Office or the Local Union as applicable. The Company will submit an invoice monthly to the appropriate office.

12. Notice of Employees Receiving Benefits

The Company will periodically provide the Union and Trustees the names of those employees receiving Non-occupational Accident and Sickness Insurance, Long Term Disability Plan Benefits and Workers' Compensation Board Benefits.

13. Interpretation of “Company” and “Employees”

For the purposes of the Welfare Plan “Employees” includes qualified employees of the Public and Private Workers of Canada or any local thereof which is a member of the Health and Welfare Plan and “Company” includes the union employer of such employees.

14. Surviving Spouse and Dependent Coverage

Where a surviving spouse and dependents of a deceased employee are not covered by such plans by reason of their own employment, the company will extend the coverage under the Extended Health Benefit plan, for twenty four (24) months following the death, and under the Medical-Surgical Plan and the Dental Plan for a period of twelve (12) months following the death.

Entry to Program - New Apprentices

- (10) Selection for entry into the program of persons who have no previous training in the trade will be made by the Company provided that the standards for acceptance established by the Joint Union/Management Apprenticeship Committee and the Industry Training Authority (ITA) are applied and that first consideration is given to members of the bargaining unit.

Schedule of Training for Apprentices

- (11) Upon completion of each period of training in an approved Vocational School, an apprentice will be required to pass examinations set by the Industry Training Authority (ITA). Practical examinations shall be confined to the area of training received.

In the event of failure to pass examinations, the apprentice shall be required to undergo a period of re-training on subject material specified by the Industry Training Authority (ITA) authorities and will be required to be re-examined within twelve (12) months. Failure to pass the second examination will result in a review of his position by the Joint Apprenticeship Committee and could result in his removal from the program. Employees who are removed from the program will be offered an entry job in keeping with their plant seniority.

- (12) (a) Successful applicants will be assigned to a specific trade as a probationer for a two (2) month period. During the probationary period he shall receive the first year apprentice rate.
- (b) During each year of apprenticeship, he shall work at the trade and attend vocational school as required by the regulations pursuant to the Apprenticeship Act.

- (c) Upon the successful completion of his term of apprenticeship and receipt of his Certificate of Apprenticeship, issued by the Provincial Apprenticeship Committee, the Apprentice shall be designated as a certified journeyman at the regular hourly rate for "A" Mechanics.
 - (d) If any of the aforementioned work periods are exceeded due to the unavailability of vocational school facilities, such extra time will be credited to the apprentice in succeeding training requirements. Also, the apprentice's rate shall be adjusted retroactively to the commencement of the scheduled year providing he successfully passes the examinations. Retroactivity will not apply where re-testing is necessary.
 - (e) For trades exceeding four (4) years, the following shall be in addition to the above. On successful completion of the fourth period of training at the vocational school, and having spent twelve (12) months as a fourth year apprentice, he shall be reclassified and paid the fifth year apprentice rate which is equivalent to the "A" Mechanic rate for the following twelve (12) months. On completion of the final period at the vocational school the fifth year apprentice shall write his final examination set by the Industry Training Authority (ITA) and, upon becoming certified, shall be designated as a certified journeyman at the regular hourly rate for "A" Mechanics.
- (13) Wherever reference is made to a year (or twelve (12) months) as an apprentice, it shall mean a period of not less than 1600 hours worked, the said period to include time spent at the vocational school.

Cost of Books

- (14) The Company will pay 100% of the cost of text books specified by the Industry Training Authority (ITA). The apprentice will keep these books as his personal property.

Allowances and Wage Make-up

- (15) (a) Upon successful completion of the required period of vocational school training, the Company will reimburse out-of-town expenses to a maximum of two (2) hours pay per day at the first year apprentice rate on a seven (7) day basis while in attendance at school. The reimbursement will also apply to Steam Plant personnel. This allowance will be paid for the duration of vocational training, regardless of whether the employee remains at school or commutes to and from school during the period of training. This allowance provided by the Company will not apply to any periods of training as specified in Item 11.
- (b) The payment of this allowance is in addition to the payment of the employee's regular straight time rate, based on a forty (40) hour work week.
- (c) The Company will reimburse for the costs of tuition and student fees.

General

- (16) (a) The Company agrees to develop and provide a program of on-the-job training for each trade, which shall include doing jobs of gradually increasing skills consistent with the apprentice's training and ability.
- (b) Apprentices will be required to acquire and build a kit of tools progressively throughout the program, as specified by the Industry Training Authority (ITA) and the Joint Union-Management Apprenticeship Committee.
- (c) A category known as "Trade Utility" may be established in the Mechanical Department and complement for such category will be determined by the Company. Employees in this category will be employed to assist tradesmen and apprentices with labour and similar work but will not be used in a manner that will interfere with the application of the training program (see Item 7(iv) of Memorandum of Agreement dated April 20, 1964). Trade Utility rates will be paid in accordance with Exhibit "A".

Certification of Present "A" and "A+" Tradesmen

- (17) Testing of existing "A" and "A+" Mechanics for a certificate of competency shall be at the employee's option. Failure to have obtained a trade qualification certificate shall not prejudice the status of a journeyman within the pulp and paper industry. Should he desire to enter the program, it will be for the purpose of additional training only, without reduction in rate of pay.

The first time an existing "A" or "A+" Mechanic elects to take the test for a Tradesmen's Qualification Certificate he shall receive pay, not to exceed four (4) hours, for time lost from work, if he is required to take the test during his regular work schedule. The Company will pay the fee cost of this first Tradesmen's Qualification Certification examination.

- (5) Leaves of absence with pay will be granted to steam plant personnel on the basis as set forth in 1, 2 and 3 above. Any further vocational training required to pass each respective certificate shall be at the employee's expense and such additional leave of absence will be granted.
- (6) The Company will bear the cost of the prescribed examination and tuition fees, if any, required of candidates writing for stationary engineering certificates.
- (7) The Company will grant transportation allowance to steam plant personnel attending vocational school on the same basis that transportation allowance is being granted at the time by the Industry Training Authority (ITA) to apprentices attending an approved vocational school.
- (8) Leaves of absence will be granted at a time suitable to management, bearing in mind the Vocational School curriculum.
- (9) Normally it will not be possible to grant leave of absence to more than one (1) steam plant employee at a time. However, if relief is available this limit may, at the discretion of management, be exceeded.
- (10) If at any time provision is made whereby transportation and/or other allowances are granted by the government to steam

plant personnel attending an approved vocational school to write for stationary engineering certificates, the provisions set forth above will then be amended to take into account such government allowances.

- (11) Upon successful completion of the required period of vocational school training, the Company will reimburse out-of-town expenses to a maximum of two (2) hours pay per day at the first year apprentice rate on a seven (7) day basis while in attendance at school.

JOB EVALUATION PLAN

1. The Job Evaluation Plan

The Job Evaluation Plan is a plan developed for the purpose of uniformly evaluating and appraising jobs according to the skill, working conditions and responsibility factors required by and contained in each job, thereby resulting in the establishment of a uniform method of wage rate determination.

2. The Scope and Limitations of the Plan

 - (i) Mechanical Trades
(See Exhibit "1" attached for definition).
 - (ii) Longshoring.
 - (iii) Saw Filers and Saw Fitters.
 - (iv) Jobs on Newsprint Machines.
- (b) Except as provided in Section 2(a) above, all jobs covered by the Labour Agreement shall be considered eligible for evaluation when presented in the manner prescribed herein to the Joint Job Evaluation Board hereinafter provided for.

It shall also be the duty of the Job Evaluation Directors to adjudicate any disagreement which might arise in the functioning of the Plan.
 - (e) to direct the Joint Job Evaluation Board as to changes in methods which do not constitute basic changes. The Directors shall neither negotiate rates nor exercise any of the collective bargaining functions of the National Union or the Company.
 - (f) to recommend improvements in the Job Evaluation Plan to the Administrative Committee

for consideration. Only in the Administrative Committee is vested the power to amend, add to, or subtract from, the Plan.

- (g) when the Directors are unable to resolve, within sixty (60) days, matters referred to them under (c) or (d) above, the matter may be referred by either Director or the Union or Company members of the Plant Evaluation Committees to the Independent Review Officer as provided for under paragraph 3 (d) below.

(b) Joint Job Evaluation Board

- (i) The Joint Job Evaluation Board shall consist of one (1) representative of the National Union and one (1) representative of Pulp and Paper Employee Relations Forum.
- (ii) It shall be the duty of the Joint Job Evaluation Board to evaluate and set the rate for any job presented for evaluation in accordance with this Plan. It shall also be the duty of the Board to develop, revise and maintain in an up-to-date manner the tables necessary to the functioning of the Job Evaluation Plan. All decisions of the Joint Job Evaluation Board must be agreed to by both members of the Board before becoming official.

(c) Plant Evaluation Committee

- (i) The Mill Manager and the Union shall create a Plant Evaluation Committee which shall consist of not less than two (2) nor more than three (3) members representing the Union involved and not less than two (2) nor more than three (3) members representing the Company.
- (ii) It shall be the duty of the Plant Evaluation Committee
 - (a) to act upon all requests for job evaluation, within the scope and limitations of the Plan as stipulated in Section 2 above, which may arise if, in their opinion, such evaluation would result in a rate change. Any decision to submit a job to the Joint Job Evaluation Board for evaluation must be

unanimously agreed upon by all members of the Plant Evaluation Committee representing both the Company and the Union.

- (b) to make investigations of jobs to be submitted for evaluation, prepare job descriptions, arrange schedule of interviews required, determine and arrange for the attendance of those job representatives who desire to be present at the explanation of the evaluation computations, as provided in Section 4 (d) and to assist in pointing out factual and pertinent information relative to the job to the Joint Job Evaluation Board at the time of evaluation.
- (c) to make a written report to the Job Evaluation Directors of the jobs on which the Union and the Company members of the Committee have been unable to agree as to whether an evaluation should be made, with a statement of the facts on which the disagreement was based.
- (iii) Either the Union or the Company members of the Plant Evaluation Committee may request a review by the Job Evaluation Directors of any case of evaluation where, in their opinion, proper application of the job evaluation standards has not been accomplished.

(d) Independent Review Officer

- (ii) The Independent Review Officer shall neither be an employee of the Union, Company, nor their agencies.
- (iii) The Independent Review Officer shall have the authority to render decisions on matters that have been referred to him, which are appropriate under the Plan.

- (iv) The Pulp and Paper Employee Relations Forum and the Public and Private Workers of Canada shall each pay one-half of the fees and expenses of the Independent Review Officer incurred in the adjudication of disputes.

4. General Policies

- (a) The evaluated job rate arrived at through official evaluation by the Joint Job Evaluation Board will be final and binding upon both parties to the Labour Agreement unless review has been requested as provided in Sections 3(a)(ii)(c) or 3(a)(ii)(g). In case of such review the decision of the Job Evaluation Directors or, where appropriate the Independent Review Officer shall be final and binding upon both parties. Where a number of appeals indicate a problem within a job field, the Directors shall refer such problems to the Administrative Committee for final determination.
- (b) Where an official evaluation indicates an upward adjustment in the rate for a job the adjustment will be retroactive to the date agreed upon by the Plant Evaluation Committee which is entered on, and a part of, the application for evaluation provided for in Section 3(c)(ii)(a) setting forth the duties of the Plant Evaluation Committee.
- (c) Where a new job has been created, the Plant Evaluation Committee of the mill will make application to the Joint Job Evaluation Board for a temporary rate for the new job. An evaluated rate will be established by the Job Evaluation Board before a period of twelve (12) months has expired following the start of the new job except in those cases where a specific request is made by the Plant Evaluation Committee to the Job Evaluation Directors to retain the temporary rate beyond twelve (12) months, and the request is approved by the Directors. It will be the duty of the Plant Evaluation Committee to agree on a date on which the job became sufficiently stabilized to permit evaluation, and any increase resulting from the evaluated rate will be paid retroactively to the agreed-upon start-up date of the new equipment or the commencement of the job.
- (d) The Joint Job Evaluation Board will complete its

evaluation of all jobs at the particular mill involved. The Joint Job Evaluation Board will explain in detail the evaluation computations to the Plant Evaluation Committee and to those job representatives present, before leaving the mill. In those cases where it is not possible to complete the evaluation at the mill, the Joint Job Evaluation Board will return to the mill and explain the evaluation computations before making the results official.

- (e) The Joint Job Evaluation Board shall furnish to the Plant Evaluation Committee a copy of the job description and evaluation computation forms pertaining to jobs that have been evaluated. Copies of the forms furnished are to be retained in the files at a suitable place, and will be open to members of the Plant Evaluation Committee for study or review.

NOTE: It is understood that the Plant Evaluation Committee files referred to in this sub-section are to be available at all times to the members of that Committee for study and review. It will be left to the Plant Evaluation Committee at each mill to determine the most suitable place in which to locate these files.

- (f) Members of the Plant Evaluation Committee or other employees in the mill who are relieved from their jobs during working hours to assist in carrying out the functions of the Job Evaluation Plan or to receive training therein will be paid by the Company at their regular job rates for the time lost during their regular shifts, thereby preventing any loss in regular income. Time put in on evaluation work outside the employee's regular shift will not be paid for by the Company.
- (g) When a survey or Job Field Study is authorized by the Directors, a projected completion date will be established. The completion date will also be used as a guide in determining the date for implementation of changes that result from the study.
- (h) A Local Union may opt out of the Job Evaluation Plan during the thirty (30) days following ratification of the Memorandum for renewal of the Agreement. The effective date of any opting out will be the last day of the expiring Agreement.

FOREWORD

The Statements of Policy contained in this booklet have been reworded for the sake of brevity and clarity, and have been agreed to by both labour and management representatives. They are intended as a supplemental guide in the interpretation of the Agreement on the points which they cover.

STATEMENTS OF POLICY

ARTICLE II - DEFINITIONS

- (a) **Definition of "Supervision".** (Memorandum of Agreement dated January 30, 1958)

Employees and employers recognize that supervisors are excluded from the provisions of the Joint Labour Agreement and accordingly it is improper for supervisors normally to do the kind of work which is done by those defined as employees in the Agreement.

It is also recognized that for the practical and efficient operation of the mills there are occasions when a supervisor must help. Such occasions must be temporary in nature and must not result in the displacement or exclusion of employees under the Agreement.

- (b) **Definition of "Him".** (Page 98, 1946 Transcript)

Wherever the word "him" appears in the Agreement it will be taken as referring to a male or female employee as the case may be.

- (c) **Definition of "Engineering".** (Page 35, 1947 Transcript)

The word "engineering" as used in this section does not refer to steam operating engineers.

ARTICLE V - STANDING COMMITTEE

Payment of Representatives on Union Standing Committee.

(Pages 109-110, 1950 Transcript)

- (i) The general principle to be followed is that no employee's normal earnings shall be reduced by virtue of his attendance at a Standing Committee meeting.
- (ii) Employees attending meetings called while they are on duty will be paid for the time in attendance providing a meeting does not extend past the end of a shift.

If it does extend past the end of the shift, no allowance is made for such additional time.

- (iii) Employees attending meetings during their time off will not be paid.
- (iv) Where it is necessary to relieve an employee attending a meeting, the relief man will be paid at straight time except for any time in excess of eight (8) hours in a day which will be paid for at time and one-half.
- (v) The time of the meeting shall be determined by mutual agreement.

ARTICLE VI - HOURS OF WORK

(a) Section 2: Overtime

Computation of Overtime for Sunday and Holiday Work

(Statement by Manufacturers on June 1, 1962, in reply to Union Agenda Item No. 7 requesting that the terms and conditions of the letter of October 18, 1946, commonly referred to as the "Sunday Letter", be extended to apply to all mills, parties to the Joint Labour Agreement).

It is hereby agreed by the company's party to the Joint Labour Agreement that:

- (i) The hours worked on Sundays and on the recognized paid Statutory Holidays provided for in the above referred to Joint Labour Agreement will be used in the

computation of the forty (40) hour work week.

- (ii) The foregoing arrangement applies only to Sunday and recognized paid statutory holiday hours and no other hours on which time and one-half has been paid, nor hours paid for Call Time, may be used for the purpose of calculating the forty (40) hour week.
- (iii) For the purpose of calculating overtime, the basic forty (40) hour work week shall be reduced by eight (8) hours in any week in which a recognized paid statutory holiday occurs. Should more than one (1) recognized paid statutory holiday occur in any week, the basic forty (40) hour work week shall that week be reduced by eight (8) hours for each such recognized paid statutory holiday.

For example, in a week in which one (1) recognized paid statutory holiday occurs, overtime will be paid for hours worked in excess of thirty-two (32). Should it happen that two (2) recognized paid statutory holidays occur in one (1) week, then overtime will be paid for hours worked in excess of twenty-four (24) that particular week.

The work week shall start at 8:00 a.m. (or at the regular hour of changing shifts nearest to 8:00 a.m.) Sunday.

Those mills which are presently working on a forty-two (42) hour per week schedule and which have not yet adopted the so-called "1946 Sunday Letter" shall only adopt the terms set out herein after the implementation of a forty (40) hour per week schedule.

There shall be a three (3) months' training period in which to prepare personnel necessary to effect the change from a forty-two (42) hour to a forty (40) hour per week schedule.

The foregoing is to be considered as supplementary to Article VI, Section 2, Overtime, of the Joint Labour Agreement and supersedes all existing local agreements in respect of the computation of overtime for Sunday and holiday work.

(b) Section 2: Overtime, (1) Day Workers

Clarification of Overtime to Day Workers. (Page 90, 1949 Transcript)

The employee's designated day off is Tuesday. He is given less than forty-eight (48) hours' notice that it is to be changed to Friday. He is then paid as follows:-

Sunday	8 hours plus 4;
Monday	8 hours;
Tuesday	8 hours plus 4;
Wednesday	8 hours;
Thursday	8 hours;
Friday	Off;
Saturday	4 hours.

If he is called back at 1:00 p.m. Saturday to work four (4) hours in the afternoon, is he entitled to time and one-half? The answer is "no" for the reason that the Agreement stipulates that overtime will only be paid on the one basis. In other words, we cannot pay overtime twice on the same time. However, in the letter of October 18, 1946, Powell River Company Limited and Pacific Mills Limited did agree to include Sunday time and designated holidays time in the forty-four (44) hour week (amended to forty (40) hours 1952-53), even though time and one-half had been paid on it. They did not agree to include any other time on which time and one-half had been paid and there is no intention of broadening it at this time. On this principle, therefore, in the case above, the hours the employee worked on Tuesday, his designated day off, are eliminated from inclusion in the forty-four (44) hour week (amended to forty (40) hours 1952-53).

(c) Section 2: Overtime, (2) Tour Workers

Clarification of Payment of Overtime to Tour Workers. (Page 270, 1948 Transcript)

Where a tour worker works an extra shift due to the absence of his mate who has given proper notice and the overtime worked by the tour worker extends into another day, he will still be paid at the rate of time and one-half.

Relief of Mates. (Page 328, 1950 Transcript)

Management will do everything in its power to relieve men within twelve (12) hours when these men are working due to the absence of a mate.

Section 3: Days Off and Schedule of Shifts

(a) Scheduling of Days Off. (Memorandum, 1953 Wage Conference)

The manufacturers agree that the scheduling of days off shall be on a consecutive basis wherever practicable.

(b) Clarification of "Breakdown". (Statement of Manufacturers, 1959 Wage Conference)

A breakdown in one department which compels the closing down of one or more additional departments is a breakdown within the meaning of this section, providing the company uses its discretion in handling the case and where there is no loss of time unjustly caused to an employee.

Section 4: Starting and Stopping Work (b) Day Workers

Clarification of "Starting". (Page 260, 1948 Transcript)

When a day worker is established on a job that is some distance from his shop he shall be on that job ready to begin work at the time his pay starts and shall not cease work in advance of the time his pay stops. If the worker's time clock is not located close to the route he must travel to his job, he may, at the discretion of management, report directly to the job without punching his time card and his foreman shall be responsible for having his time recorded.

**ARTICLE VIII - ALLOWANCE FOR
FAILURE TO PROVIDE WORK**

(a) Clarification of the word "Accident". (Page 60, 1945 Transcript)

The word "accident" as used in this section means a mishap occurring to an individual resulting in a shutdown. In other words, the occasion involves the human element as

distinguished from the mechanical.

- (b) **Clarification of "Employee's Regular Job".** (Page 61 et seq., 1945 Transcript)

In the application of this section it is considered that the allowance is due to an employee only in the case where he is reporting for his regular duties and then no work is provided. If the employee's regular duties consist of ship loading and bull gang work, he may be transferred from one regular assignment to another without penalty providing he obtains work on either job. However, while working on ships he will receive the ship rate and while working in the yard he will receive the bull gang rate.

In the case of an employee, whose regular duties consist of one specified job, and who reports for work and finds no work available, if such employee then transfers to a job carrying a lower rate, at his election, he shall nevertheless receive the rate paid him on his regular job.

ARTICLE IX - CALL TIME

- (a) **Applicability of Section in Specific Instances.** (Page 157, 1946 Transcript)

- (i) When a day worker whose shift is from 8:00 a.m. to 5:00 p.m. is told to go home at 12:00 noon and return at 4:00 p.m. for work, he will receive two (2) hours' Call Time because the shift was designated at 12:00 noon.
- (ii) A day worker whose shift is from 8:00 a.m. to 5:00 p.m. is told to continue his work until 6:00 p.m. and then at 6:00 p.m. is told to go home and return at 8:30 p.m. will receive two (2) hours' Call Time since more than two (2) hours have elapsed.
- (iii) A day worker whose shift is from 8:00 a.m. to 5:00 p.m. is told to continue his work until 6:00 p.m. and then at 6:00 p.m. is told to report at 7:30 p.m. will not receive Call Time because two (2) hours have not elapsed.

(b) Definition of "Regular Scheduled Shift". (Page 65, 1949 Transcript)

A regular scheduled shift is the work defined for an employee by management.

(c) Applicability of Section in Specific Instances. (Questions and answers - report of Call Time Committee, 1949 Transcript)

- (i) Section 1(d) relating to the payment of Call Time to tour workers, the phrase "after he has completed his shift" shall be considered to mean at that point when his pay stops upon being relieved by a mate.
- (ii) A day worker is called in on his designated day off reporting for work at 8:00 a.m. and working until 10:00 a.m. for which he received four (4) hours' pay as the minimum allowance for an employee who starts work. If notification had not been given during his last shift preceding the work involved, he would qualify for Call Time and would also qualify under the provisions of Section 2(a) wherein a minimum of four (4) hours' pay will be paid for each call when work has actually commenced both to tour workers and day workers. In the above case the worker worked two (2) hours at the overtime rate plus a two (2)-hour call which would entitle him to five (5) hours' pay, thereby meeting the requirements of Section 2. It should be made clear that an employee under these circumstances will not receive four (4) hours' minimum pay plus Call Time, if any, but that the four (4) hours' minimum pay includes the Call Time payment.
- (iii) A day worker normally working the 8-5 or 8-4 shift is ordered to go home at 12:00 noon and report back for work at 4:00 p.m. or 12:00 p.m. The employee in question is entitled to Call Time since his designated shift terminated at 12:00 noon and more than two (2) hours elapsed between his designated shift and his return to work.

ARTICLE XI - VACATIONS

(a) Application of 4-Week Vacation Clause.

The provisions of Section 4 shall not be made inoperative due to the fact that the Joint Labour Agreement has not been in operation for fifteen (15) years.

(b) Allotment of Vacation Time. (Statement by Companies, 1959 Wage Conference)

Companies will endeavour, by discussion with the employees or their representatives, to arrange vacations to suit the employees' wishes.

(c) Computation of Vacation Pay

ARTICLE XII - STATUTORY HOLIDAYS

(a) Work to be Performed. (Page 238, 1948 Transcript)

Employees who are required to work on designated holidays are expected to perform regular maintenance and routine duties normally assigned to them.

(b) Clarification of What Repair Work May be Done. (Page 240, 1948 Transcript)

In a case of an emergency involving the closing of the mill for a day or more and a loss of employment to a substantial number of men, employees are expected to perform repair work on holidays.

(c) Clarification of Section 4. (Page 265, 1948 Transcript)

- (i) In the calculation of the forty-two (42) hour work week (amended to forty (40) hours 1952-53) the payment of holiday pay will not be used unless the employee actually worked.
- (ii) It is understood that an employee's vacation shall be exclusive of a paid holiday as recognized by the Joint Labour Agreement. Therefore, if one or more such holidays fall within the employee's vacation period, he will be required to take the comparable number of additional days off. The employee shall only receive the pay for such recognized paid holidays falling within his vacation period when he takes the required additional time off.
- (iii) Where an employee, after having agreed to do so, fails or refuses to work on a holiday, on account of sickness, or other bona fide reason, the company reserves the right to investigate the absence of the employee to decide whether or not he is entitled to holiday pay.
- (iv) The sixty (60)-day qualifying period referred to in clause (a) refers to "calendar" days.

(d) Clarification of Section 4(d). (Page 105, 1950 Transcript)

Employees absent on the "scheduled work day before and/or the scheduled work day after a recognized holiday" are excused from their regular scheduled shifts in instances of sickness, or of sickness in the family, and are, therefore, entitled to holiday pay. The question of the validity of the excuse of sickness can be determined by Management in each Mill in each case.

That in the application of the Jury or Witness Duty clause, days off may only be changed in accordance with the provisions of Article VI of the Joint Labour Agreement.

ARTICLE XXVI - SAFETY

Unsafe Working Conditions. (Page 136, 1947 Transcript)

It is not the policy of management to require an employee to work under unsafe conditions. It is admitted by the union and management that it is impossible to draw a hard and fast line as to what is safe and unsafe. Being a factual question, each case must be decided on its merits, but in general an employee who justifiably refuses to work under unsafe conditions would not be subject to discipline.

ARTICLE XXVII - CAUSES FOR DISCIPLINARY ACTION

(a) Notification of Union Standing Committee by Employer. (Page 70 et seq., and page 126, 1945 Transcript)

Wherever practical, Management will notify the Union Standing Committee of its intention to discharge an employee. Under certain well-recognized circumstances where no premeditation is involved, it is permissible for the company to discharge an employee immediately without recourse to the Standing Committee. The employee still has the right to present his case to the Standing Committee for consideration and if deemed proper the Standing Committee may follow the usual grievance procedure.

(b) Neglect of Duty. (Page 75 et seq., 1946 Transcript)

It is recognized by both management and the union that a mutual problem exists on the question of neglect of duty and the union undertakes to do everything possible to see that its members live up to the spirit and intent of the agreement.

(c) Definition of "Gambling" and "Mill Premises". ((i) Page 307; (ii) Page 97, 1950 Transcript)

It is agreed that the Union Standing Committee may call in any other employee to accompany them in their meetings with company officials.

EXHIBIT "A"

Clarification. (Memorandum No. 6, 1952 Wage Conference)

"An employee shall be considered as having been promoted to a higher rate job when he has taken over the duties and responsibilities of that job, without the guidance of the employee who is breaking him in. He shall then receive the higher rate. During the period the employee is being broken in and another employee is on the job and carrying the responsibility for it, the employee being broken in shall receive the hourly rate of his previous regular job."

MISCELLANEOUS

(a) Rents and Services. (Page 122, 1947 Transcript)

Services in mill towns include such items as the general store, hospital, living quarters, rent, power, light, water, garbage,

etc. In respect to the future, when all controls are eliminated, the companies' policy will be to provide at all times the best possible services to the people working in these communities at the best possible cost. Profit on service has never been a factor in the companies' determination of the price of the services.

(b) Status of Employees Refusing to Work in Excess of Eight (8) Hours Per Day or Scheduled Hours Per Week. (Page 91, 1949 Transcript)

If an employee is requested to work in excess of eight (8) hours in any one day or in excess of his scheduled work week hours in any one week, the employee has the right to come in or not to come in and no penalty can be imposed by the employer for the failure of the employee to come in. It is understood, however, that the Companies are entitled to look for reasonable co-operation from their employees.

Letter of Understanding – Re: Rehiring

The following practice will be observed during the 2017 - 2021 contract:

When hiring new employees, preference will be given to laid off former employees in order of their previous mill seniority, providing:

- a) their recall rights under Section 3 of Article XVII - Seniority have expired;
- b) they have a current application on file;
- c) they have the qualifications and ability to perform the work properly.

Application must be made within thirty (30) days of the expiry of recall rights and will remain in effect for three (3) months unless renewed. An application or renewal may be extended for a period of three (3) months at any time during the third month of its currency. Normal job qualifications must be met.

A former employee will no longer have preference if he fails to accept an offered position. Those hired under this practice will be new employees.

Letter of Intent Re: Equipment Repair

For the term of the renewed Collective Agreement, the Company will not send equipment out of the mill for repair which directly results in the layoff of tradesmen or apprentices.

Letter of Understanding - Re: Rehabilitation And Re-Integration Program

The Joint Health and Welfare Committee will investigate and make recommendations on the implementation of an effective Rehabilitation/Re-integration Program during the term of this agreement.

The goal of the Program will be to assist workers injured either on or off the job to return to the mainstream of employment at the mill.

Letter of Understanding - Re: Contractor Code Of Ethics

This is to confirm the agreement between the Company and your union respecting the conditions that would apply to contractors coming onto the mill site to perform construction work or perform maintenance and repair work of a nature normally performed by employees in the bargaining unit. This agreement will prevail for the duration of the Collective Agreement. In entering into this agreement, the Union acknowledges that, subject to contracting Article XXIII the Company retains the right to select contractors as it deems appropriate.

No aspect of this policy applies to contractors which are certified to a Union recognized by the Local Union, it being clearly understood that a union's affiliation to the Canadian Labour Congress, the B.C. Federation of Labour or the Confederation of Canadian Unions warrants such recognition.

Any other contractor who comes onto the mill site to perform construction work or perform maintenance and repair work which is of a nature normally performed by employees in the bargaining unit shall abide by the following Code of Ethics. This Code defines the terms and conditions under which these contractors and their employees will be governed during the term of their contract.

1. Minimum Wages

The contractor's straight time hourly rate of pay for a journeyman will not be less than the straight time hourly rate for the equivalent mill journeyman. The contractor's straight time hourly rate of pay for all other employees shall not be less than the straight time hourly base rate for the mill.

2. Contributions to the Pulp and Paper Industry Pension Plan

Subject to the approval of the plan trustees and the appropriate regulatory authorities, the Company shall remit annually to the Pulp and Paper Industry Pension Plan the following:

- (a) For contractors performing maintenance and repair work of a nature normally performed by employees in the bargaining unit - the equivalent contributions.
- (b) For contractors performing construction work - one-half the equivalent contributions.

3. Remittance to the Local Union

One percent (1%) of all wages earned calculated on the basis of straight time hours worked shall be remitted to the Local Union on a monthly basis.

4. Adherence to Safety Regulations

Contractors performing construction work are responsible for ensuring that their employees comply with the health and safety regulations and policies applicable to the work being performed. When the contractors' employees are performing maintenance and repair work which is of a nature normally performed by employees in the bargaining unit, the contractors and their employees shall adhere to the established health and safety regulations and policies in force at the mill site. Management commits to deal promptly with any violations brought to its attention by the Joint Health and Safety Committee.

5. Honouring of Picket Lines

Contractors' employees shall honour all legal picket lines at the mill site. Failure to do so shall result in disqualification from future access to the mill site for the term of the contract. A contractor will not be allowed on the mill site if it has a current, demonstrated practice of crossing legal picket lines.

The Company will honor the commitments made in this letter for the duration of the Labour Agreement and will ensure that a copy of this letter is provided to any contractor participating in the contract bidding process.

Letter of Understanding – Re: Flexible Work Practices

1. The introduction of flexible work practices is designed to improve productivity, improve product quality, reduce downtime and lower costs while ensuring that the work is completed in a safe manner. The efficiencies that result from flexible work practices are also intended to assist in fulfilling the intention of Article XXIII of the Labour Agreement.
2. The parties agree that this letter on flexible work practices recognizes that the primary responsibility for the operation of the mill will remain with operators and the primary responsibility for maintaining the mill will remain with trades persons and steam plant maintenance employees.
3. It is understood that the intent of this letter will supersede local practices, and verbal and written agreements, which would impair the implementation of flexible work practices.
4. All work will be performed in a manner consistent with safety articles of the Labour Agreement as well as the company's safety rules and the regulations issued by the Workers' Compensation Board of B.C. It is recognized that some tasks can only be performed by employees who possess certain government certifications and in that instance, the work will only be performed by employees who possess the required government certificate.
5. The intent of this agreement is to provide that all employees will safely utilize all of their existing skills and maximize their productivity and learn and use new skills to enhance their effectiveness.

6. The Company and the Union will meet to discuss a module-based training program that will enhance the existing skills of employees. They will also discuss the option of using trainers from the bargaining unit to assist in the design and delivery of the training modules. The Company will design and introduce new training programs to facilitate the implementation of and evolution of flexible work practices.
7. All employees will be required to complete training programs as prescribed by the Company and utilize new skills acquired as a result of training. Training will be consistent for all employees in each job classification as defined by the business areas at each site.
8. The parties recognize that the acquisition of new skills that facilitate the implementation of flexible work practices is an ongoing process and will continue over time to support the changing needs of the business.
9. The following payments will be made for flexible work practices:

Maintenance employees \$.95 per hour

Operations employees \$.40 per hour

To be implemented as follows:

- Upon ratification of the collective agreement, \$.45 per hour for Maintenance employees and \$.20 per hour for Operating employees.
- Immediate utilization of existing skills that may not have been previously used due to restrictive work practices.
- Employees assisting each other regardless of department or occupation.
- \$.25 per hour for Maintenance employees and \$.20 per hour for Operators upon successful completion of each modular training program and utilization of skills acquired as a result of this training. There will be two training modules for Maintenance employees and one training module for Operations employees.

Apprentices will be paid the maintenance premiums in the usual proportion.

The same delineation which defines who is an operator and who is a maintenance employee shall apply to the payment of premiums. Maintenance employees will include all journey persons, apprentices and lubrication mechanics.

The parties agree that there will be no pyramiding of credits under the job evaluation plan for duties that are being compensated for under the flexible work practices agreement, unless the changes constitute new regular job duties added to their classification as defined by the job evaluation plan. These new regular job duties must result from either new or changed procedures/equipment or from the permanent reassignment of duties from another job classification.

Effective April 30, 2003 all flexible work practice payments will be rolled into the wage rates and reflected in Exhibit "A".

10. Training programs implemented under Point 6 are not intended to force qualification in another trade.
11. The Company agrees that no employee will lose their employment with the Company as a direct result of the implementation of flexibility initiatives under this letter. This provision applies to only those employees employed at the date of ratification of this agreement.
12. No trades person or apprentice will be involuntarily displaced from their respective trade on a permanent basis as a result of the implementation of flexible work practices.
13. It is not intended that flexible work practices shall result in a trades person being assigned to a non-trades classification when someone outside of his trade is performing his trade core duties.
14. The Company agrees that no employee's regular job rate will be reduced when he is assigned to perform work under this work place flexibility agreement. This does not apply to an employee who is laid off or whose job is temporarily curtailed and is recalled or works in a different job category on the basis of mill seniority.

15. The Company commits to maintain apprenticeship agreements.
16. For the term of the renewed Labour Agreement, the Company and the Local Union agree to establish and participate in a Presidents' Council that will meet quarterly to discuss issues related to productivity, morale, profitability, work opportunities, market conditions, any alleged discrimination, the ongoing effectiveness of flexible work practices and any other problems related to flexible work practices.

The Presidents' Council shall be comprised of the:

- Group Vice President, Pulp and Paper
- Vice President, Industrial Relations
- President of PPWC Local 9
- General Managers
- Members of the Local Union as designated by the Union
- Members of mill management as designated by the Company
- National President PPWC, or designate

The Company will pay all reasonable expenses to attend the Presidents' Council meetings.

17. The parties agree that disputes relating to the implementation of this letter shall be reviewed by the President's Council which will make every effort to resolve these disputes in accordance with the spirit and terms of this letter.

Letter Regarding PPWC Local 9 and Prince George Pulp and Paper Mills

With respect to the implementation of flexible work practices at Prince George Pulp and Paper Mills, the parties agree that they will consult with respect to ways and means to avoid jurisdictional difficulties between the unions.

Letter Between The Parties -
Re: Commitment to Employment

Protecting and enhancing employment in the pulp and paper industry is a joint commitment of the Company and the Union. The Company and Union agree that stable employment must be

based upon economically viable operations, a high level of labour productivity and quality production.

To this end, the parties will continue to discuss means to preserve and enhance employment during the term of the Agreement,

1. The Company and the Union will establish a joint committee on apprenticeship and employment opportunities. The joint committee will be made up of PPWC local and National representatives and Mill Management representatives.
2. The joint committee will examine ways to enhance employment opportunities through new work arrangements, including reduced overtime and working time alternatives. The Company agrees to provide the joint committee with relevant information to ensure an informed discussion of the issues.
3. The joint committee will make recommendations to the parties on enhanced employment opportunities and make recommendations no later than March 31, 2004.
4. Both parties undertake to give active consideration to all recommendations and vigorously work towards implementation of recommendations where agreement is reached.

Letter Of Understanding –
Re: Job Security And Job Elimination

In the event that downsizing occurs under the Job Security and Job Elimination articles of the Labour Agreement, the Company undertakes to discuss the application of the severance pay provisions with the Union.

Letter Of Understanding – Re: Trades Qualifications

British Columbia is facing a skills shortage and the pulp and paper industry is not exempt from the impending crisis. PPWC and CANFOR both clearly recognize the critical nature of apprenticeship training and certified trades qualifications mechanisms, and to this end will work toward a strategy of maintaining the principles of certified trades training for British Columbia, and the opportunity for

workers to participate in inter-provincial qualifications examinations.

The parties agree to work cooperatively on the issues of workplace and trades training. The Union and the Company agree that closer cooperation will help protect them against any changes that could negatively impact the skills levels and portability of trades persons in B.C. The Joint Union/Management Apprenticeship Committee, with equal representation from Canfor and the Public and Private Workers of Canada, will be designated to fulfill the commitments outlined in this letter.

The parties also agree that all recommendations from this committee will be communicated collectively to the provincial government.

- Death of immediate family member
- Serious medical event

It is understood that this only applies to new entrants to the program after the date of ratification.

Grade twelve (12) or equivalent, or 4th Class Steam Ticket as an equivalent. Successful completion of the Wonderlic and Mechanical Aptitude tests at the same level as that for mechanical trades. Interview conducted by the Reliability Manager (or designate) and a Union Executive Member.

1. Oiler 0 - 60 days

This is a probationary period during which time the employee may gradually purchase the tools required to carry out the duties of a Lubrication Inspector.

2. Lubrication Inspector 60 days to 1 year

The following list of tools are required before reclassification from Oiler:

- 1 only 12" adjustable (crescent) wrench
- 1 only 10" adjustable (crescent) wrench
- 1 only 14" pipe wrench
- 1 only pair of standard pliers
- 1 only standard blade screwdriver
- 1 only set of Allen wrenches up to 1/2"
- 1 only small set of fitting extractors (easy out) 1/4" maximum
- 1 only set of combination or box wrenches to 1 1/4"
- 1 only ballpeen hammer

The duties of the Lubrication Inspector are:

To open, inspect, clean out, drain, and refill lubricant reservoirs and housings (such as

couplings), as required by lubrication schedules and to replace filters. This includes gasket making and replacement.

To remove, reinstall and replace lubrication fittings, pipe nipples, tubes or hoses available from stock in standard lengths and sizes (including drilling and tapping where needed).

To remove, reinstall or replace lubrication fittings, filters, plugs, caps, guards, covers over lubricant reservoirs including bearing caps and seals but not including those over pressurized bearings or containers.

To check and refill automatic lubrication systems to ensure adequate flow of lubricants to the required points and to adjust the regulation of such lubricant flow, and to dismantle and clean such devices as needed. This does not include hydraulic systems or heat exchangers.

To tighten existing lube lines as needed to seal leaks.

To clean out, service and replace parts in such lubrication devices as portable pumps, pumps, grease guns and lubricant dispensing equipment. This does not include changing bearings on equipment.

To inspect seals, packing glands, running temperatures and to report (in writing on standard form) conditions that may lead to failure.

To perform lubrication assignments and carry out schedules as directed within the intent of the foregoing duties.

To maintain good housekeeping storage areas and to dispose of empty containers and unwanted lubricants.

To report lubricant requirements in writing to the

supervisor to ensure the maintenance of adequate supplies.

To inspect equipment while on tour for hot noisy bearings (motors, V-belts, couplings, pulleys) etc., and report same.

To be responsible for complete mill lubrication, on a rotational basis on weekend coverage, with the exception of electric motors.

3. Lubrication Mechanic Over 1 Year

In addition to the tools for Lubrication Inspector, the following tools are required:

- 1 tool box
- 2 ballpeen hammers (two of either No. 3, No. 1 1/2 or No. 1/2)
- 1 set of 2 punches and 2 chisels
- 1 hand hacksaw
- 1 pair of vise grips
- 1 centre punch
- 1 - 8' or 10' steel tape
- 2 screwdrivers, assorted sizes
- 1 aligning bar
- 1 set of feeler gauges

The duties of the Lubrication Mechanic are those of the Lubrication Inspector, plus the following:

When requested, assists Millwrights in the repair and replacement of reduction units and bearings. This assistance will involve removal and reinstallation of the equipment and lubrication where required. This, also involves the use of wrenches, slings, chain blocks and similar lifting or handling equipment. The responsibility for the adequacy of the repairs will rest with the tradesman doing the job. Makes up simple lubricating devices such as oil wicks or similar devices.

Maintains required set of tools as per above list.

Uses a vibration meter as directed by maintenance supervisors to take readings and report conditions of equipment.

The following comments are intended to clarify the Oiler line-of-progression and the duties of the Lubrication Mechanic.

1. All Lubrication Inspectors who have been employed as Lubrication Inspectors by this or any other company for a period exceeding one year will be automatically classified as Lubrication Mechanics and receive the appropriate training thereafter.

Onus of proof of past experience as a Lubrication Inspector must be provided by the employee.

Employees, who post into the Oiler line-of-progression with no previous experience, will start off as Oilers and progress to the level of a Lubrication Mechanic on the basis of the time periods referred to in Section (b) above.

2. This program is not intended to delete the vibration readings responsibility from the Millwright Journeyman but Lubrication Mechanics will be expected to take vibration readings as directed by their supervisor.
3. The intent of the item which deals with assisting Millwrights can better be explained by an example. In the case of a gear box which has failed due to gears being stripped, the Lubrication Mechanic and Millwright or Millwrights will remove the cover.

The Millwrights will remove the shafts and gears to the shop and assemble the new gears and bearings in the shafts as required. During this time the Lubrication Mechanic would be removing the oil from the gear

box. The Lubrication Mechanic would clean the gear box of all teeth, foreign matter and sludge, clean out all the lubricating piping and/or channels and have the gear box ready for the return of the internals. The internals would be replaced, possibly with the help of the Lubrication Mechanic and the necessary lubrication added after the covers have been replaced by the Millwright assisted by the Lubrication Mechanic.

It could mean that a Lubrication Mechanic and a Millwright working together as per the example may eliminate the need for a Trade Utility but this would only happen where lubrication was part of the repair.

XIII MISCELLANEOUS FACILITIES

(a) Car Washes

The car washes will be maintained and will operate as long as is reasonably practical. In addition, the problem of fallout will continue to receive top priority.

Tinted glasses and costs for anything other than as noted in 1, 2, 3, and 4 above will be at the employee's expense.

To obtain glasses, hardexing or safety frames under this policy:

1. The employee will contact the Human Resources Department and obtain a requisition form.
2. The requisition form is then completed and must be signed by the department superintendent to indicate approval.
3. The completed, signed form will then be taken to the optician as specified by the Company.

XVII SANDBLASTING

Normal sandblasting jobs will be done by Painters. When there are jobs of a greater magnitude they will be subject to joint discussion.

XVIII SELECTION OF APPRENTICES

The selection of apprentices will be based on the following standards:

Part One

1. The following educational standards must be achieved:

	E & I	P/F, M/W, MACH, H. D. MECH	CARP, INS, MAS, PAINT, TIN, WELD
EDUCATION	GRADE 12 OR EQUIVALENT	GRADE 12 OR EQUIVALENT	GRADE 12 OR EQUIVALENT
REQUIRED COURSES	ENGLISH 12 MATH 12 PHYSICS 11	MATH 11 PHYSICS 11	MATH 11
REFRESHER COURSES*	DC FUNDAMENTALS	APPRENTICESHIP MATH 11	APPRENTICESHIP MATH 11

*Newly selected apprentices must successfully complete the refresher courses before their first schooling date. Failure to do so will result in removal from the apprenticeship program and assignment to the Labour Pool. Refresher courses are not necessary if the "required courses" have been taken within three (3) years of the apprenticeship postings.

2. Each applicant for an apprenticeship posting will be required to successfully complete the Apprenticeship Test Battery. The tests and the minimum test scores are:

	E & I	OTHER TRADES
WONDERLIC	27	24
CAAT – LEVEL C (MECH. REASONING)	53	53
CAAT – LEVEL D (MATHEMATICS)	27	24
MULTIDIMENSIONAL TEST BATTERY - OBJECT ASSEMBLY - DIGIT SYMBOL - SPATIAL	COMBINED SCORE 65 TH PERCENTILE	COMBINED SCORE 65 TH PERCENTILE

Note: All tests must be passed. Employees who do not pass, must wait one (1) year before they can re-write the test battery. The only exception to this rule is in the case of a math exam failure. The completion of a math upgrading course is sufficient prerequisite to rewrite the math test. Employees who write the test battery will also complete a reading comprehension test. While there is no minimum scoring requirement for this test, all applicants will be provided with their test scores and encouraged to take upgrading courses when test results are low.

The test battery must have been successfully completed within five (5) years of the apprenticeship postings to be considered current and qualify for consideration.

Part Two

1. The most senior applicant in the bargaining unit meeting the Company standards will be selected. In the event that the most senior applicant does not meet the Company standards, the Union members of the Joint Apprenticeship Committee will be given the opportunity to voice their objection prior to the final appointment by the Company.
2. The Union members of the Joint Apprenticeship Committee will receive the following:

- (a) A complete list of all the applicants and their mill seniority dates.
- (b) A complete list of all the applicants and whether they passed or failed. Individual marks will be provided with the permission of the employee.
- (c) The name(s) of the successful applicant(s) prior to their being notified of the appointment.

* Maximum points are cumulative based on the criteria in the comments column.

3. The company also agrees to post a minimum of one (1) apprenticeship for every three (3) "Tradesman new hires". We have agreed to implement this strategy by using blocks consisting of four (4) trades positions. Each block of four (4) trades positions has to have a minimum of one (1) apprentice from an apprenticeship posting. Once a block of four (4) trades positions is filled, a new block of four (4) starts with the same minimum requirement of one (1) apprentice from an apprenticeship posting.

XIX SENIORITY

(a) Definitions:

Mill Seniority - the period of time in which an employee is continuously employed within the bargaining unit subject to the provisions of Article XVII - Seniority.

Departmental Seniority - the time that an employee has been continuously employed within a department or promotional line from the date of permanent classification into a position in that line.

Job Seniority - the period of time that an employee has been classified and employed in a particular job, except where the classification is on a temporary basis due to temporary vacancies.

(b) Rules:

1. Employees will progress up a promotional line in the normal method (see Article XVII, Section 1) except at cross-over points between the two mills. At cross-over points, the most senior (Dept. seniority) qualified operator of both mills will be promoted. (See Subject VIII - Lines-of-Progression and Relieving on Shift).
2. (i) In the case of demotion or shutdowns in excess of thirty (30) days, employees will return to lower jobs in their line-of-progression, including jobs they may not have been previously classified in, based on job, department and mill seniority in that order.

In demotions at cross-over points, department seniority will determine into which line the employee is demoted.

-
- (ii) Graduating apprentices in the Maintenance Department will be credited with job seniority retroactive to the start of their apprenticeship. A job seniority adjustment will be made for all employees who have completed an

apprenticeship.

Demotions in the Maintenance Department will be by job, department and mill seniority in that order.

NOTE: Employees recalled to their department will return on job, department and mill seniority in that order. The adjusted maintenance job seniority applies for future recall and demotions within the Maintenance Department.

- (iii) In situations concerning the start-up of a department after a shutdown, employees will return to the positions they held before the shutdown.
- (iv) In situations concerning a permanent department closure or start up or elimination of a line of progression, problems will be discussed at a joint meeting of Union and Management.
- (v) Employees affected by layoff will first apply job seniority, then department seniority and finally mill seniority to determine if work is available in the mill, subject to the limitations of Sections 4 & 5 below.

Employees who are laid off from their department will be able to exercise their mill seniority to occupy bumpable entry-level jobs in the mill.

If employees do not have enough mill seniority to occupy bumpable entry-level jobs, they will, before being laid off out of the mill, have the opportunity of looking back to either the department (in the case of production employees) or job (in the case of maintenance employees) that they occupied at the time of initial layoff.

- (a) In Production departments, if operators with less mill seniority are employed in the department that they occupied at the time of initial layoff, then the employees with the least mill seniority will be laid off out of the mill and the originally displaced employees will re-enter the department at the bottom of the line-of-progression.
- (b) In the Maintenance department, employees will look back to the job that they occupied at the time of initial layoff. If employees with less mill seniority are occupying their job, then the employees with the least mill seniority will be laid off out of the mill and be replaced by the originally displaced employees.

This provision will be referred to as “double bumping”.

- 3. Transfers - there shall be a probationary period of thirty (30) days. During this period an employee may return to the former job either at his or the Company's request, without loss of seniority in the former position. The period of thirty (30) days may be extended by mutual consent of the Union and Management.
- 4. Slot-ins - where it is necessary to slot-in employees because of steam tickets, the slot-in will maintain job seniority over employees in positions below him. Other special requirements will be discussed jointly prior to action being taken.
- 5. Freezing - a person frozen in a line of progression shall still have first chance at future promotions. Once a man has permitted himself to be bypassed he will not exercise his department seniority in obtaining a job senior to the man who bypassed him.

6. Labour Pool and Retention of Department Seniority - employees who have been hired into the mill on job posting to fill permanent positions in specific departments may be transferred to the Labour Pool upon completion of the job they were hired into. When transferred to the Labour Pool under the above circumstances, employees will maintain seniority in the hiring department until they go back to that department or accept a transfer to another department.

XX STANDING COMMITTEE

3. For the purpose of covering for short term or short notice absences, the crew will be moved up on shift if all positions required to be filled can be filled.

It is clearly understood by both parties that replacements must be available for relief purposes when required and

that these replacements must come from employees on their scheduled days off.

To ensure that such replacements will be available, employees prior to going on their scheduled days off, will indicate to their supervisor when they will be available for work.

4. Any employee entering the twelve (12) hour shift schedule will be paid the overtime premium for hours worked in excess of eight (8) hours on the first twelve (12) hour shift, unless notification of entry was given during the first eight (8) hours of his last shift preceding the new twelve (12) hour shift.

8. Vacation time for purpose of twelve (12) hour shifts will be banked and withdrawn as employees take scheduled days off as vacation. The minimum time off will be seven (7) calendar days free from work. Vacations shall cover a complete tour for either 24 or 36 hours of vacation pay. However, if vacations are taken in conjunction with a forty (40) hour averaging day off, either 12 or 24 hours of vacation pay can be taken to cover the tour.

No leave of absence will be allowed in a minimum weeks' vacation unless there are no vacation hours left in the bank.

The **maximum time off** for a week's vacation will be five (5) working days, i.e.:
DD / OO NNN OO DD OOO / NN
for forty (40) hours vacation pay.

A leave of absence will be allowed in a maximum week's vacation for hours over forty (40). For example, in the above the employee would receive forty (40) hours vacation pay and twenty (20) hours leave of absence.

The maximum leave of absence allowed for vacation will be twenty (20) hours per week.

Tour workers will be considered on vacation from the last shift worked to the first scheduled shift back.

9. An employee who has been employed for less than one (1) year and does not qualify under (b) of Article XI - Vacations, will receive a vacation of two (2) hours for each full week of actual work performed during the preceding vacation period. No vacation of less than eight (8) hours will be granted.
10. When taking Special and Supplementary Special (Personal) Floating Holidays, Banked Overtime, Banked Shift Differential and Deferred Statutory Holidays, the following rules apply:

- (a) Employees on the compressed work week schedule shall be granted five (5), twelve (12) hour Special (Personal) Floating Holidays per contract year.
- (b) For purposes of the twelve (12) hour shift schedule, entitlement to Supplementary Floating Holidays will be calculated on the basis of the number of days for which the employee has qualified, multiplied by eight (8) hours, subject to all other conditions of Article XIV - Supplementary Special (Personal) Floating Holidays.
- (c) For the purpose of the twelve (12) hour shift schedule, entitlement to Deferred Statutory Holidays will be calculated on the basis of the number of days for which the employee has qualified multiplied by eight (8) hours.
- (d) Floating Holidays, Banked Overtime, Banked Shift Differential, and Deferred Statutory Holidays can only be taken off in twelve (12) hour units.
- (e) Employees will be permitted to group Floating Holidays, Banked Overtime, Banked Shift Differential, and Deferred Statutory Holidays to facilitate taking time off in twelve (12) hour units.
- (f) Employees may take four (4) hours from grouped hours if so desired to supplement Statutory Holiday pay, if they would normally have worked a twelve (12) hour shift on that day.
- (g) When a Statutory Holiday falls on an employee's regular day off, he may if he elects to, take an alternate day off within the contract year, according to the provisions of Subject XXI - Statutory Holidays (a). Any hours remaining at the end of the contract year will be paid to the employee.
- (h) With the above exceptions, and those found elsewhere in this subject, all other conditions of the main body of the Labour Agreement will be applied in relation to Twelve (12) Hour Shift Workers.

11. When death occurs to a member of a regular full-time employee's immediate family, the employee will be granted an appropriate leave of absence and he shall be compensated at his regular straight time hourly rate for hours lost from his regular schedule, to a maximum of twenty-four (24) hours pay, according to the provisions of Article XVIII, Section 2, Bereavement Leave.
12. Any regular full time employee who is required to perform Jury Duty, or who is subpoenaed to serve as a witness in a court action or Coroner's Inquest, save and except actions involving the Company or trade union, unless subpoenaed by the Crown; on a day on which he would normally have worked, will be reimbursed by the Company for the difference between the pay received for such duty and his regular straight time hourly rate of pay for his regularly scheduled hours of work. It is understood that such a reimbursement shall not be for hours in excess of twelve (12) hours per day or forty-eight (48) or thirty-six (36) hours per week depending on the number of days scheduled that week less pay received for such duty. The employee shall be required to furnish proof of performing such service and such duty pay received in accordance with Article XVIII, Section 3(a), Jury or Witness Duty.
13. Employees will give as much notice as they possibly can on requests of leave, so that they can be replaced at straight time. Otherwise the necessity to work employees on their days off will effectively negate the benefits gained from the additional days free from work in the compressed work week.
14. When the Company changes an employee's shift schedule after the start of the week without notification being given during the first twelve (12) hours of his last shift preceding the new shift, the employee shall receive two (2) hours penalty payment at the straight time day rate for the first shift worked resulting from the change. If the change in shifts during the week is temporary, the penalty payment is not payable for the second change in shifts when the employee returns to his previously established shift schedule.

15. For the purposes of the twelve (12) hour schedule, Sunday Letter entitlement will be based on the forty-eight (48) or thirty-six (36) hour work week, depending on the number of days scheduled in that week.
16. The averaging period for the twelve (12) hour shift schedule will be six (6) weeks and a floating day off will be arranged so that forty (40) hours per week are worked on average.
17. The twelve (12) hour shift times of 7:00 a.m. to 7:00 p.m. and from 7:00 p.m. to 7:00 a.m. will define a DAY as a period of twenty-four (24) hours, beginning at 7:00 a.m. and a WEEK as a period of seven (7) calendar days beginning at 7:00 a.m. Sunday.

XXV VACATIONS

- (a) Vacations will be granted in individual departments on the basis of mill seniority up until April 1 of each year, after which time they will be on a first-come, first-serve basis. The Company will continue to establish the numbers of employees who can be absent in a line-of-progression or job category.
- (b) Day Workers will be provided with a seven (7) day clear period of vacation time off. A Day Worker, who is regularly scheduled to work Monday to Friday, will take five (5) days of vacation from Monday to Friday and the following Saturday and Sunday will be considered as part of the vacation period.

If a Statutory Holiday falls within the above mentioned vacation period, the Statutory Holiday may be deferred in accordance with the provisions outlined in Subject XXI - Statutory Holidays, Section (a) Deferred Stats.

- (c) Students who wish to change their status and apply for regular full-time employment must indicate this intention in writing to the Human Resources Department. At this time they will cease being students and will be terminated. They will then be considered for permanent openings provided they meet the requirements of a permanent employee.
- (d) No regular employee will be laid off as a result of students being employed and all employees with recall rights who are on lay off will be recalled before a student is hired.
- (e) Seniority rights as outlined in Article XVII - Seniority do not apply to students.

If maintenance relief positions become available, contracting out of maintenance work will not increase due to tradespersons providing relief.
 - 5. The company agrees that an employee working in a relief staff position would not be eligible to work overtime on a bargaining unit job while employed as a relief staff. The only exception would be when no other qualified employee is available to do the work, i.e.: as a last resort.
